**Julien Schaal Mountain Vineyards Chardonnay 2016**

Elgin (13%)

The cheaper of Alsace producer Julien Schaal's two Elgin Chardonnays, this sees a combination of old and new oak and stainless steel. It's a leesy, textured, refreshing style with good weight and some wood smoke notes. 2017-21

**Julien Schaal Evidence Chardonnay 2015**

Elgin (13,5%)

Evidence is a single vineyard Elgin wine - increasingly in vogue these days - sourced from Paul Cluver. Spontaneously fermented in a mixture of new and older wood, it's the best wine yet from Julien Schaal, with leesy richness and patisserie flavours balanced by cool climate acidity. 2018-21
